

## LOCAL DEPARTMENT.

**Captain Stewart's Cavalry.**—We were shown a private letter from one of the Terre Haute Cavalry, which states that the company were about to leave Parkersburg for Clarkburg, and thence to some point, to the writer, unknown.

**Col. Cookerly said on Saturday night** that the Democratic party would save the country. We would respectully ask whether it is the wing headed by Jeff. Davis or the wing headed by Judge Douglas and now by Richardson and Holman?

**Zouave Ball.**—We call attention to the notice of a Zouave Ball to be given at National Hall on Monday. Mr. Fisher followed the fortunes of the Zouave Regiment through their campaign in Virginia and Maryland, and deserves a liberal patronage. He is the man that captured the mule.

**Ben. Hubbs,** the deservedly popular proprietor of the best Hotel in the West, the Terre Haute House, feasts his guests and boarders in almost regal style. Whatever is pleasant to the taste, or desirable to the appetite of man is there furnished in great abundance. It is not strange his tables are always crowded.

**Union Pic-Nic.**—On Saturday last the cavalry of Otter Creek and vicinity, assembled near the residence of Mr. A. Ellis, to hold a Union Pic-Nic. The crowd was large and the day was spent in a most delightful manner.

A number of good Union speeches were made. Among the speakers were Messrs. Hooford, Baird and Crane from this city.

**We desire to say to the subscribers to the Bulletin,** that we must have our pay regularly every fortnight. We commenced the publication to accommodate our friends, not for speculation, and it is imperative that it be self-sustaining. This consideration can be reached by prompt payment. We earnestly ask all to pay their arrears this evening. There is not profit enough in it to justify us keeping books and waiting on subscribers.

**The 19th Regiment, U. S. A.**—We are glad to learn that Capt. Hough, of the 19th Regiment, U. S. A., is meeting with very encouraging success in his work of recruiting for his regiment. His recruits are of the right material, and his numbers are daily increasing. Captain Hough has made a most favorable impression upon our citizens by his urbane manners and gentlemanly bearing.

**When the Union Club was formed,** the Journal suggested that an anti-choleera society be formed. The boys about town naturally supposed that the meeting on Wednesday night last, was for the purpose of carrying out the suggestion. They gave the title, and we thought it likely to be as good a title as any. We know there are few Democrats, if any, engaged in the enterprise.

**There will be a meeting of the Executive Committee of the Union Club** this (Monday) evening, at the Auditor's Office, at 7 o'clock. Business of importance on hand, let all attend. The following persons compose the committee:

W. E. McClean, James Hoot, E. M. Brown, R. S. Cox, L. A. Burnett, C. W. Mancourt, John Hany, J. F. Glick, J. D. Bell, and W. R. McKee.

**Attempt to Break Jail.**—The several guests of Sheriff Censor, who have for some time past been enjoying his bounty and his watchful care, unimpaired of the claims of gratitude, and forgetful of his many acts of kindness, made an attempt yesterday to escape from his hospitable abode. To this end they raised a stone of the floor, and burrowed in the earth beneath the floor. But the ever vigilant eye of their almoner was on them, and a little coercion changed their purpose. They remain with him to this day.

**Terre Haute Tigers.**—This fine company just enlisted by Capt. J. S. Welch, will go in to camp this evening at Camp Vigo, and our citizens will again be called on to manifest their liberality to the brave men who are about to take the field in defense of the old flag. Blankets, and provisions will be needed until they are mustered into the service. Our people have never been laggard in these things, and we are confident they will now respond with like alacrity to this new call. Anything designed for the "Tigers," may be left at the Auditor's office, or with Capt. R. S. Cox.

**Company C, Eleventh Regiment, Attention!** Notice is hereby given to the soldiers of Company C, 11th Regiment Indiana Volunteers, that they will find their discharges at Cribber's Jewelry Store, where they should call at once and obtain them.

**Recruits.** Those discharged soldiers of the 11th Regiment, belonging to Company C, who intend to re-enlist for the war, are requested to report themselves immediately, and any others who wish to share the fame achieved or to be achieved by this regiment, are requested to make immediate application, to the undersigned, at Cribber's Jewelry Store.

**F. G. SCOTT, Lieutenant.**  
FROST INSURANCE COMPANY OF HARTFORD CONN.—Messrs. McLean & Crane have been appointed Agents of this well known and popular Insurance Company, vice Capt. J. B. Hany, gone to the war. The "Prudent" stands second to no Insurance Corporation in the Union, for wealth, promptness and liberality in adjusting and paying its losses.

**Wanted—Fifty Cents.**—One dollar like-nasses for fifty cents at the new Gallery, 115 Main street. Call early in the day to avoid the crowd.

**Zouave Ball.**—There will be a grand Zouave Ball given at the National Hall on Monday evening. Good cheer will be given on the occasion. I invite my friends and companions. There will likewise be a Zouave drill and dance.

## TELEGRAPHIC NEWS.

**The call for a meeting at the Court House on Saturday night** proved a well. Mr. Voorhees was not on hand. The crowd was not so large as was supposed, and there did not seem to be an abundance of enthusiasm prevailing. Col. Cookerly addressed the meeting in one of the most peculiar speeches we have ever had the pleasure to listen to. His voice was for peace. He addressed divers and sundry invocations to peace. Indeed any one not acquainted with his martial character and title, and the mighty deeds achieved by the prowess of his arm, would have supposed him the quintessence of all the peace societies of the world. For the freedom of speech, for the integrity of the Union, and for the universal predominance of the Star Spangled Banner, he more than justified. There was no cause, he held, for secession, and no right for it—yet the people of the North had grievously wronged the South and made them mad. His love of the Union and the old flag was no lip-lip. "It comes from here," (Spreading his hand over his pectoral pouch.) He was rather unfortunate in his allusion to the Hartford Convention and the men who opposed the war of 1812. He did not seem to appreciate the incongruity of the argument seeing that he is occupying the same position. The whole scene was the most amusing we have ever witnessed. It was as good as a camp meeting. There are some folks so malicious as to intimate that the announcement that Mr. Voorhees would be present was only made to draw out a crowd, and create a little enthusiasm to gull honest men into the folly of signing their names to the anti-war cholerera association. That certainly could not be so, yet it looks plausible under all the circumstances. Those men are desperate and will resort to any expedient.

**War Items.**  
There are seven companies in the cavalry camp near Evansville. The men have some five hundred horses which they are training daily. There are five companies of cavalry at Madison, and several in Indianapolis.

**THE GERMAN REGIMENT.**—Major Will will be at Indianapolis to-day or to-morrow to organize the Indiana German regiment. All the companies desiring to form a part of this regiment should report to headquarters as speedily as possible.

**CAVALRY EQUIPMENTS.**—Equipments for the cavalry regiment have been sent to Madison and Evansville. The companies at these places, as well as those stationed at Indianapolis, are now fully supplied with everything necessary for their outfit except saddles and holsters. The uniforms and other necessary articles were distributed some days ago.

**THE COMMISSARY.**—W. R. Follows, the Governor's Private Secretary, left on Friday for Virginia. The object of his visit is to inspect the commissary departments of the several Indiana regiments and ascertain if the troops are fed as they should be and as the specifications require. If errors are found they will be corrected, and if any one is guilty of short-comings an explanation will be required and amended conduct expected.

**SECTIONARY CARS CONFISCATED.**—About five thousand soft hats with a front rim of patent leather, intended for Southern use, have been seized at Cairo and confiscated. They are of fine material and are the best article of army hat we have seen anywhere. A specimen is on exhibition at Gov. Morton's room.

**THE IMPRINT OF NEW YORK MANUFACTURE.**—The maker's name is not given. Somebody has lost in the hat speculation.

**Another Letter from a Prisoner at Richmond.**—Prince Napoleon within the Enemy's Lines. What Beauregard Told Him—and What He Saw and Said.—Kentucky Cavalry at Washington.—Skirmish on the Potomac.—Navigation of the Potomac.—Unobstructed.—Telegraphic Lines.—Rebels Concentrating on the South Banks of the Potomac.—McClellan Prepared for Defensive or Offensive Measures.

**WASHINGTON, August 9.**—A letter was received to-day from Lieut. Parks, of the 1st Michigan regiment, dated Richmond, July 29th, in which he says he is a prisoner, with hundreds of others, in that city. More than thirty officers are with him. He has the names of fifty six of his regiment, and believes these are all. Col. Butterworth, Lieut. Marsh, Lieut. Warren Perkins, and others, are still at Manassas Junction, wounded. Only three of his company are with him, named Geo. Phillips, Murray Shaker, and Geo. Baker.

**Late this evening** Prince Napoleon returned with his suite from Manassas. Three regiments of cavalry and four of rebel infantry held possession of Fairfax Court House. When it was known at Manassas that Prince Napoleon was coming, the enthusiasm was wild. Beauregard and Johnson were both at Manassas. They received the Prince with the greatest possible respect. All their pressing invitations and entreaties that he would go on to Richmond and see President Davis, the Prince finally declined. The fortifications at Manassas are formidable, and our guns, particularly of Sherman's battery, are important in the defenses. Beauregard informed the Prince that he captured six guns at the battle of Bull Run. The dead were not properly buried. They were simply put under ground, and some of the feet were seen above. Soldiers in Manassas were very numerous, but poorly dressed. At the departing the rebels gave the Prince a salute with United States guns. On returning to Fairfax, Col. Stewart approached the carriage of the Prince and said, "I hope you like our fortifications." Prince—"Oh pretty well." "I hope," he said again, "you will interfere for us when you get home." The diplomatic Prince shrugged his shoulders, as he replied, "I know nothing."

**Three regiments of Col. Toumey's** regiment of Kentucky cavalry reached Washington this morning.

**It is well authenticated** that the man Smith, in custody in New York, is a member of the rebel Congress. He will be held as a hostage for Mr. Ely, member of Congress from New York.

**Mr. Wilson of Chicago** has obtained permission of the War Department to raise a regiment of engineers and bridge builders. Night before last the George Page rebel steamer, attempted to run out of Aquia creek, but the ice boat engaged her, and after a few shots compelled her to beat a retreat. The ice boat was not struck, but it is thought the Page was injured. The latter carried six guns.

**The Freedmen arrived this morning.** Her officers contradict the report that the rebels are erecting batteries on Mathias Point. The navigation of the Potomac is unobstructed.

**It is reported that** the rebels are now being put up at White House Point.

**Wednesday** night five boats filled with men were seen by a schooner to pass on from the Maryland side and land at the place. At Fort Washington all is quiet and good order. Several prizes lie at the wharf.

**To-day the resignation of chief engineer Charles Spencer, and second engineer Andrew Garanca of the rebel steamer, were accepted.** Cause of the resignations not known.

**THE TRIBUNE'S CORRESPONDENCE.**  
Gangs of men are at work, establishing telegraphic communication between this city and several camps, including Fort Corcoran, Terrelltown, and Col. Sherman's command further up the river.

**Reliable intelligence** has been received that the rebels are concentrating their forces at various points on their side of the river from Point of Rocks to Alexandria. There are 8,000 to 15,000 at Fairfax; a considerable force in the vicinity of Edwards' Ferry; large bodies at other crossings, and several thousands at Leesburg. As yet they have made only minute reconnaissance in the neighborhood of the Chain Bridge. It is difficult to determine whether these movements are preliminary to an attack upon our lines or to guard, more closely, Federal Engineers, now in the Confederate army, are defectors, is universally discredited.

**New Telegraph Line.**  
Chicago, August 10.—The Ohio & Mississippi Telegraph Company's lines, connecting Keokuk, Montrose and Fort Madison, Iowa, with Chicago and the East, were completed to-day.

**ADRIAN, Mich., August 10.**—A letter received at Hudson, Michigan, from Capt. D. G. Miller, of the 4th Michigan regiment, reports himself and Lieut. Preston well, but prisoners. They have heretofore been reported killed.

**Interesting from Northwestern Missouri.**  
Springfield, Mo., August 8.—Much alarm has been created here in consequence of reports that the rebels were breaking the city of the Southwest and East. Stories were closed, citizens gathered together, and all their valuables rendered easily transportable; and the Directors of the Branch of the State Bank of Missouri here, placed about \$250,000, nearly all specie, in charge of Gen. Lyon for safe keeping. Scouting parties now report the roads all clear, and the public mind has become more calm. The only force of the enemy now known to be in the vicinity is a force of about twelve miles from here, and a force will be sent to attack them in a few days.

**A Rebel Raid and Retreat.**  
Potosi, Mo., August 10.—A party of one hundred and ten rebels made a dash into this town yesterday, and were fired on by fifteen Union Guards and compelled to retire, with the loss of two killed and several wounded. One of the two killed was fatally wounded. It is reported that there are eleven hundred rebels in camp about thirty miles below here.

**John Ross, chief of the Cherokee nation** remains loyal, and stands in the way of the enemy.

**The names of the petitioners** presented to Brookridge, purporting to come from Niagara county, New York, stating that the present difficulties be adjusted, are supposed to be nearly all forgeries. **It is feared they intend to proceed from** the Union City, Kentucky, to the vicinity of Barbourville.

**The extra says the above is reliable,** but we have no means of verifying it here.

I persuaded him to try a bottle of Bremen's Holland Bitters, believing it would cure him. Meeting him some months after, what was my astonishment in finding him a hale, hearty man; he told me he now weighed two hundred pounds, and that this wonderful change had been produced by Bremen's Holland Bitters to which he attributed solely his restoration."
